Welcome to the 2019 YMDA trip, our 52nd!

Survey respondents from last year—**100% would recommend the trip to a friend!**

While I can't guarantee Dr. Hoistad's 53" of snow leading up to last year's trip, I do guarantee a fabulous time. The *Farmer's Almanac* is predicting above average precipitation! 'Ask Google' if you were born after 1990....

Please sign-up early and invite your friends. The trip is limited to 130 and we had a wait list last year. Don't miss out. The Vail ski area is like none other—scenery and terrain for all levels, skiers and boarders alike. And the après-ski is like none other. You choose whether you want to ski 4 days or all 5.

Manor Vail provides our luxury accommodations with a breakfast buffet each morning and out the door to the Golden Peak lift right next door which opens to 193 runs and 31 lifts across 5,300 acres! After a great day of skiing Manor Vail has a spa and hot tubs to relax any sore muscles—and tell tall tales of the vertical that day. Our 'Get Acquainted Party' provides the opportunity to meet all the other ski-crazed attendees on the trip. Be careful, you may get hooked—this will be my 15th trip!

Please go to the YMDA website for the most up to date information, <http://ymda.org>, and start planning. Bring your own equipment or rent Vail's all mountain gear, at a discount. Mark your calendar—our trip dates are December 7 to 11, 2019.

The Saturday to Wednesday format provides shorter lift lines and more wide open terrain each and every day. Sign up today!

If you plan to ski more than the YMDA trip be sure to purchase your Epic Pass from Tom Gray at tom@skibytg.com or 952-412-5791. This helps to support YMDA.

See you in December!

Sincerely,

Phil Fortmeyer
